【How PolyU Students Spent Their Summer: Gaining Real World Experience Overseas🌏】理大學生把握暑假，遠赴海外實習，在真實的工作環境中探索世界、實踐所學。

理大航空工程學系學生Yerlan TURALY，早前遠赴泰國，在國泰航空的實習中真正做到學以致用。在專業飛機工程師的指導下，Yerlan 親身投入航線維護工作，從飛機巡視、燃料加注到客艙檢查，將理論知識化為寶貴的實踐經驗。✈️他分享，是在深夜的停機坪上，與團隊一同肩負起守護飛機的重任。這次實習不僅讓他累積了寶貴的實戰經驗，更堅定了他成為飛機工程師的志向。

同樣地，來自時裝及紡織學院的潘慧媛（Fiona）選擇跳出舒適圈，前往上海的一家設計師品牌實習。👗她全面參與品牌運作，從設計、市場推廣到攝影與庫存管理，將課堂所學應用於真實的商業世界。對她而言，最深刻的瞬間是夜遊黃浦江時，看著外灘燈火的倒影，切身感受到了這座城市的魅力。這次經歷讓她對品牌運作有更深入的理解，也豐富了她的人生閱歷。

他們的故事鼓勵著大家：勇於探索，把握每一個實踐知識的機會。🌞

PolyU Aviation Engineering student Yerlan TURALY got a taste of his dream career during an engineering internship with Cathay Pacific in Thailand. He gained hands-on line maintenance experience, from pre-departure walk-arounds to cabin inspections, directly applying his classroom knowledge. His most memorable moment was working a night shift on the apron, feeling the immense responsibility for the aircraft as part of the team. ✈️The internship solidified Yerlan's goal to become a Licensed Aircraft Engineer.

In a similar spirit, Fiona from the School of Fashion and Textiles ventured beyond her comfort zone for an internship with a designer brand in Shanghai. 👗 She gained comprehensive, hands-on experience across the brand's operations—spanning design, marketing, photography, and inventory management—allowing her to bridge the gap between academic theory and real-world industry practice. The most unforgettable moment for her was a night cruise on the Huangpu River. As she watched the shimmering reflections of the Bund's lights on the water, she truly felt the captivating allure of the city. The journey provided her with profound insights into how a brand operates and was an invaluable addition to her life experience.

Their stories are an inspiration to us all: dare to explore, and embrace every chance to turn knowledge into action. 🌞
